## OBJECTIVE

To work remotely as a Front End Web Developer creating websites, applications, and user interfaces using modern web technologies.

## SKILLS

Able to create a web presence from the ground up – from navigation and layout, to user interface and experience. Highly skilled with HTML, and CSS. I love to create amazing looking things with CSS.

Love to learn and read, self-taught, fast-learner, great attention to detail, and creative thinker. I love to tackle even the hardest problems (that includes those awful cross-browser problems).

Ability to multitask and work independently, all while keeping priorities straight and managing time efficiently.

## TECHNICAL TOOLBOX

**Languages:** Advanced knowledge of HTML/HTML5, CSS/CSS3, Bootstrap, JavaScript, jQuery, Jade, and SASS. Familiar with PHP, C#, Python, and LESS.

**Text Editors:** Proficient in Atom, Notepad++, VS Code, Visual Studio, and Sublime Text.

**Other Web Technologies:** Proficient in CodePen for quick prototypes, familiar with Git and Git-Bash and how to upload to GitHub from the command line, well-versed with all social media sites (Facebook, Twitter, etc....).

## EXPERIENCE

**Freelance Web Developer, Roswell, NM** 2015 to present

Used modern web technologies to create web applications for small businesses in my town.

I learned the web development process from beginning to end. A few of the projects I have open-sourced on my GitHub. I have [a blog](#) that I use for posting tutorials of some of my projects.

Currently maintained webpages:

**MeZ Clan** – [www.MeZClan.com](http://www.MeZClan.com)

**Bitter Lake Taxidermy** – [www.BitterLakeTaxidermy.com](http://www.BitterLakeTaxidermy.com)

**Zachary Surgett** – [www.ZacharySurgett.com](http://www.ZacharySurgett.com).

**Washington State Bar Association - Extern** Seattle, WA 2013

Was mentored by a Senior Web Developer and learned how the I.T. Department runs.

Cited by mentor for my problem-solving skills and ability to pick up on new skills quickly.

## EDUCATION

**High School Diploma, Keystone National High School**  
3.8 GPA

June 2015
